Subject: RE: GW @ unlined LLBG trenches

Oh Thank you and I will use it to help me understand the history and to complete permit conditions. I have not been formally assigned to complete these units however, I know that I will need to help complete the work and you and I should get it done together. It's most important that we complete the work of my units to free me up for others.

I put this together some time ago, and shared it with Jennifer, but never heard anything back. Use as you see fit.

Dave
